

Logging into MyGS

1. Open an internet browser. Firefox or Chrome are recommended. If you use Internet Explorer, anything after Version 9 works best. Go to www.gsctx.org. Click on **MyGS**.

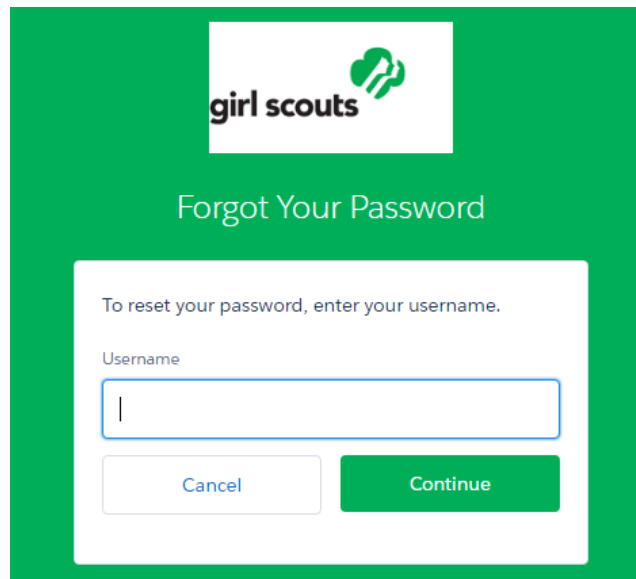

2. Your username is your email address you used to register you or your daughter with Girl Scouts of Central Texas. You may be prompted to create a new password. If you can't remember your password, click the **Forgot your password?** link.

The screenshot shows the login page for MyGS. It features the Girl Scouts logo at the top. Below the logo are two input fields: 'Username' and 'Password'. A green 'Log In' button is positioned below the password field. There is a 'Remember me' checkbox and a 'Forgot Your Password?' link. At the bottom, there is a link for 'Girl Scouts employee? Log In'.

3. If you forgot your password, you will be prompted to enter your username. This is your Girl Scout email address. Click **Continue**.

The image shows a screenshot of a web form titled "Forgot Your Password" for Girl Scouts. The form is set against a green background. At the top left, there is the Girl Scouts logo. The main heading is "Forgot Your Password". Below this, a white box contains the text "To reset your password, enter your username." followed by a label "Username" and a text input field with a vertical cursor. At the bottom of the white box are two buttons: "Cancel" and "Continue".

4. You should receive an email called "Your New Member Community password" soon after. The email will provide a link to create a new password. If you do not receive this email, please contact the GSCTX Customer Care team at www.gsctx.org/contactus. The team can prompt another email to be sent to you.
