

Visit us at www.GSCTX.org/STEM to reserve an experience soon.

We are currently serving girls in the following counties:
Coke, Concho, Irion, Mason, McCulloch, Menard, Runnels, Schleicher,
Sterling, Sutton, Coleman, San Saba, Mills, and Brown.

Now offering Ten STEMulating programs!

The Mobile STEM Experience Center is ready to hang out your troop! Leave the planning up to our expert program specialist.

All About Owls

Delve into the owl ecosystem with fun contests and hands-on experiments.

Cosmonaut

Take an imaginary trip out of this world on a quest to explore space like a scientist!

Dance Party

Practice building computer algorithms to create the best virtual Girl Scout party of the year!

It's Electric

Explore circuitry and cool ways to bring objects around you to life with our Makey Makey kits!

Motion Commotion

Create roller coasters, catapults, and more as we explore the physics of motion.

Robo Girls

Explore ways to solve problems with simple machines and robots.

NEW Augmented Reality

Learn how the brain processes 3D images. Then use your new skills to bring your art to life!

NEW Mean Green

Use robots and problem solving skills to explore ways to combat a virus.

NEW ME-teorology

Explore the science of meteorology with fun group experiments and advice from STEMInistas in the field!

NEW Spa-tacular

Create tasty cosmetic products as we discover the science of beauty products and fashion trends.

Earn your Mobile STEM patch and Girl Scout STEM badges!
